

POSTER*fix*[®]

**DISPLAY,
THE EASY WAY**

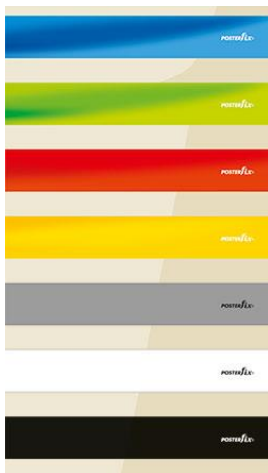

Ideal for commercial businesses which want to display offers and promotions. The PosterFix® System is **fast and easy to install** and documents, signs and posters can be exchanged very quickly, which means you won't waste any time.

It is made with a removable adhesive so you can peel it off and move it somewhere else whenever you want, although remember that the surface must be flat (glass, PVC, metal, wood methacrylate etc.).

PosterFix® can be mounted on glass or shop windows with two documents, one facing the street and the other facing inside, so the information can be seen on both sides.

PosterFix® is an **excellent tool for** companies which need to **maintain on-going communication with their customers**. Its versatility makes it ideal for displaying offers in shop windows, as well as opening hours signs, promotional signs and posters, information notices etc.

The Standard **PosterFix®** is **available in 7 colours in the most common formats, from A5 to A0**.

Blue Gradient
Green Gradient
Red Gradient
Yellow Gradient
Gray
White
Black

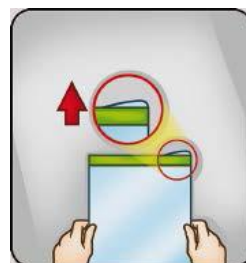

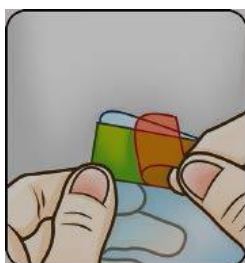

Standard Colours, to the left. Colour sections can be also branded with your logo, printed both sides and made to required size depending on quantities.
